IN the 12 health blocks in Krishnagiri district, 22.17% of hypertension (45,988) cases have been identified in Hosur City Municipal Corporation (HCMC) through the Makkalai Thedi Maruthuvam scheme. According to health department sources, around 5.90 lakh people have benefited from the door step health care scheme in the district since its launch in August 2021 till December 7, 2024.

District Health Officer G Ramesh Kumar told *TNIE*, "Total population in Krishnagiri is above 21.23 lakh. Among them, people above 18 years of age are 16 lakh. Out of 12 health

the lowest was in Krishnagiri and Mekalachinnampalli blocks at 5.86% (7, 599 people).

Ramesh Kumar explained, "Poor sleep cycle and stressful work lead to hypertension. Similarly, poor diet and lifestyle changes are the cause of diabetes. People above the age of 35 should undergo tests at least twice

in a year for diabetes and hypertension. Also, pre-diabetic people should undergo test once in two months."

He added, "Hosur City Municipal Corporation has 45, 988 hypertension cases in groups, more number of cases are between 30-45 years, which is about 16, 800 peo-

ple and between 50-60 years are about 15, 700 people. This could be because Hosur is an urban area and there are more industries."

Ramesh Kumar added the health department is conducting frequent awareness programmes at Village Health, Sanitation, and Nutrition Committee (VHNSC) through health department

For the past six months, Ola company has been providing a volunteer to conduct awareness about health and lifestyle at Thalli, Shoolagiri, and Kelamangalam blocks and it will be extended to more blocks.

Sources said that the Tiruppur Corporation has 60 wards and about 700 tonnes of garbage is collected daily from all the wards. 160 tonnes of waste is sent to the Micro Composting Centres (MCC) and the others are dumped in an abandoned stone quarry in Pongupalayam.

However, the locals and social activists have opposed this and blamed the corporation alleging it is causing environ-

Kumar had also filed a case in the National Green Tribunal (NGT-Southern Zone) against the dumping of waste in the quarry and it is under trial.

In this context, Kumar started a hunger strike near the quarry on Monday night.

Kumar said, "In Pongupalayam, the locals depend on groundwater through borewells for their daily needs. Waste dumping and potential contamination of groundwater will exacerbate this crisis, making clean drinking water inaccessible. Dumping untreat-

A senior official from the Tiruppur Corporation, said, "The corporation also does not want to dump garbage in the quarry. We are taking alternative measures for that. But it will take some time."
